

**George Frederick Frost III
MM2(SS) B 72-75 ELT
MMCM(SS) Retired
Eternal Patrol March 26 2014
Jacksonville FL**

Don Ort posted: MM2 George Frost on the sailing list has passed and should be moved to the EP page. I have talked to his son, George Frederick Frost IV, who told me that his father, George Frederick Frost III, retired from the Navy in the early to mid-80s as an MMCM(SS) and died from a heart attack circa May 2014 in Jacksonville, Florida. George was cremated so there is no headstone. His son has his ashes in New York. I think he was on the boat from 72 to 75 and have asked Walter to confirm. I have also asked his son for a specific date of death
